MEETING YOUR ELECTRICAL NEEDS FOR GENERATIONS

## Datasheet

Cobra LED Fly Killers

The Cobra LED fly killer range has everything you need to meet your requirement. The range has indoor wall mounted units, a plug in unit, rechargeable units, Stainless Steel food grade units and IPX4 outdoor unit. Using this range, you can choose the best solution be in a plug in domestic unit for your kitchen or a Stainless Steel food grade for a commercial/industrial kitchen.

Cobra Outdoor LED Fly Killer

- Ideal for gardens, pubs, restaurants and other outdoor areas

- Handy hook at top for suspension

- Can also free stand if required

- Full protective outer mesh for safety

- Supplied with 1.5m power lead

Code	FKLEDOD160
Rated Power	8W
Input Voltage	230V
Lamp Type	8 X UV-A LED's
Coverage	160 M^2
Dimensions	190 X 190 X 350mm
IP Rating	IP X4

- ABS Fireproof Plastic
- 360° range
- Removeable catchment tray
- Easily wiped clean
- Ideal for outdoor situations areas such as garden, BBQ areas or beer gardens
- Can also be used for indoor use
- Guard prevents fingers touching grid
- Slim attractive design

Spare Tubes for Above

Code	FKLMPOD160
Rated Power	8W

Cobra Indoor LED Fly Killers

- Ideal for home, office, kitchen, restaurant, hotels etc

- Slim attractive design

- Full protective outer mesh for safety

Code	FKLED100	FKLED150
Rated Power	6W	8w
Input Voltage	230V	230v
Lamp Type	8 X UV-A LED's	12 X UV-A LED's
Coverage	100 M^2	150 M^2
Dimensions	305 X 108 X 260mm	480 X 113 X 265mm

- ABS Fireproof Plastic
- Freestanding or Suspended
- 360° range
- Removeable catchment tray
- Easily wiped clean
- Ideal for home or commercial use
- Guard prevents fingers touching grid
- 2500V for effective killing
- 20,000 hour tube LED life
- Indoor use only

CE ✓RoHS

Cobra Black Commercial Fly Killer Range

- Ideal for home, office, kitchen, restaurant, hotels etc

- Slim attractive design

- Full protective outer mesh for safety

- Supplied with Built in LED's

| Code	FKCOM100BK	FKCOM150BK
Rated Power	11W	13W
Input Voltage	230V	230v
Lamp Type	11 X UV-A LED's	12 X UV-A LED's
Coverage	100 M^2	150 M^2
Dimensions	350x105x270mm	500X105X270mm
