Smart WiFi Lamp functions

- Control lamps from your phone easily - turn them on or off or set up timers & schedules
- Set a **schedule** to turn lamps on/off at certain times
- Set a **Countdown** timer - lamp will turn off when it reaches '0'
- Change colour of the lamp to any colour you require for your mood
- Dim lamps to required level for different moods
- Set scenes—lamp will change colour or be on at certain levels when selected
- Choose music sync—lamps will dance to the music you are playing
- Choose how you light at different times using Rhythm

Free Smart Life App:

Tezla⁺ Smart LED Lamps

Code	LYV-BC-WIFI
Colour	White
Size	A60
Weight	38g
Rated Voltage	220 - 240V - 50Hz
Rated Power	9W
Lumen Output	806 Lumen
Works with Google	Yes
Works with Amazon	Yes
Hub Required	No
Cap Type	BC—B22
Approval	CE, RoHS
Housing	PC
Insulated product	Class I
IP Rating	IP44
Working Temperature	-10° to +40°

Code	LYV-ES-WIFI
Colour	White
Size	A60
Weight	38g
Rated Voltage	220 - 240V - 50Hz
Rated Power	9W
Lumen Output	806 Lumen
Works with Google	Yes
Works with Amazon	Yes
Hub Required	No
Cap Type	ES—E27
Approval	CE, RoHS
Housing	PC
Insulated product	Class I
IP Rating	IP44
Working Temperature	-10° to +40°

Tezla⁺ Smart LED Lamps

Code	LYV-SES-WIFI
Colour	White
Size	C37
Weight	26g
Rated Voltage	220 - 240V - 50Hz
Rated Power	5W
Lumen Output	450 Lumen
Works with Google	Yes
Works with Amazon	Yes
Hub Required	No
Cap Type	SES—E14
Approval	CE, RoHS
Housing	PC
Insulated product	Class I
IP Rating	IP44
Working Temperature	-10° to +40°

Code	SMT-GU10-WIFI
Colour	White
Size	GU10
Weight	29g
Rated Voltage	220 - 240V - 50Hz
Rated Power	5W
Lumen Output	450 Lumen
Works with Google	Yes
Works with Amazon	Yes
Hub Required	No
Cap Type	GU10
Approval	CE, RoHS
Housing	PC
Insulated product	Class I
IP Rating	IP44
Working Temperature	-10° to +40°
