# Tezla LED CCT Post Top Fittings

The Tezla CCT LED Post Top fitting is a decorative post top fitting ideally suited for car-parks, estates or any other area's which require a more decorative finish for their lighting needs. With a 76mm pole bottom entry these fittings sit directly on top of most pole tops and coming pre-wired allow for easy quick install. They are available with a CCT switch to give a SON effect or Metal Halide effect

### LED Post Top Fittings

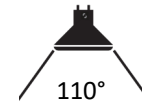

36W - 3400 Lumen Output

2100/4000/6500K

Black Body with Frosted PC Lens

Bottom entry - 76mm

Pre-wired for easy install

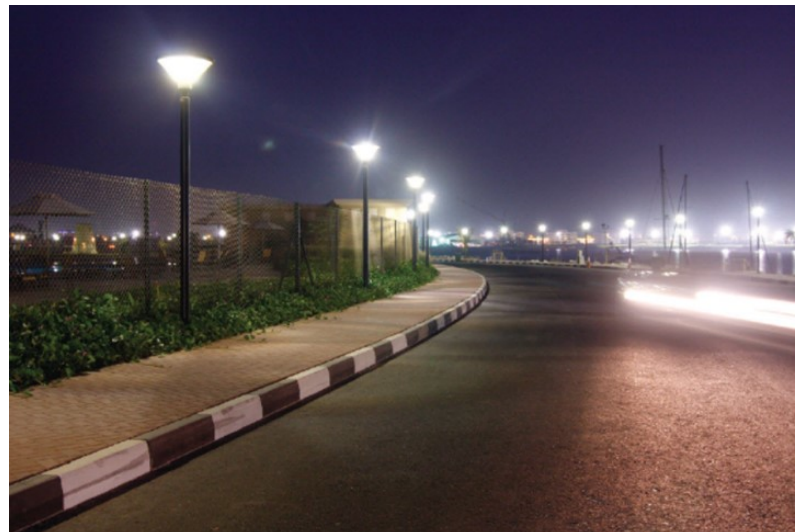

Efficiency - approx 95 Lumen per Watt

Code	PT36LED-CCT
Watt	36W
Lumen Output	3400
Size (mm)	450x450x485mm
CCT	2100/4000/6500K
Photocell	No

seai  
Triple E Listed

- 220 - 240 Volt
- 50/60 Hz
- -20° to +40°
- 30,000 hours
- 3 Year warranty
- Triple E Code: LIG83309

### LED Post Top Fittings

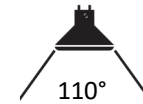

50W - 4700 Lumen Output

2100/4000/6500K

Black Body with Frosted PC Lens

Bottom entry - 76mm

Pre-wired for easy install

Efficiency - approx 95  
Lumen per Watt

Code	PT50LED-CCT
Watt	50W
Lumen Output	4700
Size (mm)	450x450x485mm
CCT	2100/4000/6500K
Photocell	No

- 220 - 240 Volt
- 50/60 Hz
- -20° to +40°
- 30,000 hours
- 3 Year warranty
