Tezla 110V Linkable Festoons

The Tezla 110V Linkable Festoon range are a perfect solution for building sites. With durable impact resistant built in lamps and a plug/socket on the ends, they can fit into all sites neatly. The linking system means as the site expands, the festoons can easily be extended, while also making their removal for re-use much quicker and easier

Commercial Yellow 110V Linkable Festoon

- Yellow Robust glare free diffuser
- SMD LED's
- 650 Lumen per lamp
- 2X0.75mm Cable
- 110V 16A 2P+E IP44 Plug Included
- Working temperature -20° to +50°C

Efficiency - Up to 100 Lumen per Watt

Code	Length	Total Lamps	Watt	Lumen
T82KIT	22M	10	65W	6500lm
T82KIT/40	42M	20	130W	13000lm

- 110V Volt
- -20° to +50°
- 30,000 hours
- 3 Year warranty
